CAREER OBJECTIVE

Electronics and Communication Engineering graduate with hands-on experience in Python, Django, and JavaScript. Developed scalable web applications and REST APIs with a focus on performance and efficiency. Seeking an entry-level Software Engineer role.

EDUCATION

Bachelor of Engineering (ECE)

Dr. N.G.P. Institute of Technology

2020 – 2024

CGPA: 7.54

HSC

Shanthinikethan Hr. Sec. School

2019 – 2020

Percentage: 53.5%

SSLC

Shanthinikethan Hr. Sec. School

2017 – 2018

Percentage: 63.8%

TECHNICAL SKILLS

Languages: Python, JavaScript

Frameworks: Django, ReactJS

Frontend: HTML, CSS

Databases: MySQL, PostgreSQL

Tools: Git, GitHub

PROJECTS

System Initialization Simulator (Python, Multithreading)

- Built a multithreaded system simulator for CPU, Wi-Fi, Display, and Bluetooth
- Implemented parallel execution using Python threading
- Improved system startup efficiency through concurrent processing

OTT Streaming Web Application (ReactJS, REST APIs)

- Developed responsive web application for browsing movies and TV shows
- Built reusable UI components and implemented routing with React Router
- Integrated REST APIs for dynamic content rendering
- Improved user experience with category-based navigation

INTERNSHIP

Software Development Intern — Troudz AI Labs, Bangalore

- Developed and maintained full-stack features using Django and JavaScript
- Designed and implemented RESTful APIs for backend communication
- Optimized database queries to improve performance
- Enhanced UI/UX and collaborated in an Agile environment

CERTIFICATIONS

- Digital Skills: User Experience — Accenture
- Figma UI/UX Design Essentials — Udemy

SOFT SKILLS

Teamwork, Leadership, Communication, Time Management

LANGUAGES

Tamil (Native), English (Proficient)
